25X1A 25X1A	and I assured the representatives that we were very pleased with the work that they had done on the proposal for the Threat Warning and Analysis System, and indicated that the problems inherent in that system, i.e., automatic data selection at the source, and equipment control, would be characteristic of other systems which we were in the process of defining for competitive procurement.	
25X1A 25X1	3 is anxious to contact the winner of the competition, to determine what role they might play in providing the computer for this system through discussions with AD/OEL. We will today indicate to the people that we have no objections to such contact, and alert representatives that they may expect this to happen.	25X1A 25X1A 25X1A
